

TrueType

```
classDiagram
    class TrueType
    class HasHeader["ros::message_traits::HasHeader< ::conti_radar::ContiRadar_< ContainerAllocator > const >"]
    TrueType --|> HasHeader
```

The diagram illustrates a class hierarchy. At the top is a class box labeled 'TrueType'. It has three horizontal compartments: the top one contains the name 'TrueType', and the two below are empty. Below this box is a blue arrow pointing upwards, ending in a hollow triangle. This arrow originates from a larger, shaded gray box at the bottom. The top compartment of this gray box contains the text 'ros::message\_traits::HasHeader< ::conti\_radar::ContiRadar\_< ContainerAllocator > const >'. The bottom box has three horizontal compartments, with the top one containing the text and the two below being empty.

ros::message\_traits  
::HasHeader< ::conti  
\_radar::ContiRadar\_<  
ContainerAllocator >  
const >
